

NEC Contract Analysis Report

1. Executive Summary

This report provides a structured analysis of the NEC Contract Data submitted for review. Its purpose is to:

- Summarise extracted contractual information
- Identify missing or incomplete content
- Highlight contractual risks
- Provide a completeness assessment aligned with NEC requirements

Overall Contract Status:

Document Type: template

Template Detected: True

Clause Completeness Score: 0.0%

Mandatory Missing Clauses: 15 of 15

2. Contract Overview

Attribute	Value
Project Name	Contract Data Parts 1 and 2
Total Pages	24
File Size	4844010 bytes
Data Extraction Confidence	0.0%

3. Key Contract Dates (NEC Clause 3)

3.1 Starting Date

Status: missing

Value:

3.2 Possession Date(s)

Status: missing

Value:

3.3 Completion Date

Status: missing

Value:

Programme Requirements (Clauses 3.5 & 3.6)

Requirement	Status	Value
First Programme Submission	missing	
Revised Programme Interval	missing	

Delay Damages (Clause 3.7)

Status: missing

Value:

4. Testing & Defects (NEC Clause 4)

Clause	Description	Status	Value
4.1	Defects Date	missing	
4.2	Defect Correction Period	missing	
4.3	Landscaping Maintenance Period	missing	

5. Payment Terms (NEC Clause 5)

Clause	Term	Status	Value
5.2	Assessment Interval	missing	
5.3	Payment Period	missing	
5.5	Retention Percentage	missing	
5.6	Bond Amount	missing	

6. Weather Data (NEC Clause 6)

Clause	Description	Status	Value
6.1	Weather Recording Location	missing	
6.2	Weather Measurement Data	missing	
6.3	Historical Weather Records Source	missing	

7. Clause Completeness Assessment

7.1 Summary

- **Total Mandatory Clauses:** 15
- **Filled:** 0
- **Blank:** 0
- **Missing:** 15

7.2 Completeness Table

Clause	Title	Status
3.1	Starting Date	missing
3.2	Possession Date(s)	missing
3.3	Completion Date	missing
3.5	Submission of First Programme	missing
3.6	Submission of Revised Programmes	missing
3.7	Delay Damages	missing
4.1	Defects Date	missing
4.2	Defect Correction Period	missing
4.3	Landscaping Maintenance Period	missing
5.2	Assessment Interval	missing
5.3	Payment Period	missing
5.5	Retention Percentage	missing
5.6	Bond Amount	missing
6.1	Weather Recording Location	missing
6.2	Weather Measurement Data	missing
6.3	Weather Historical Records Source	missing

8. Risk Analysis

■ Critical Risks

- Missing key dates prevents programme development
- Missing payment terms creates dispute risk
- Missing weather station details affects compensation event compliance
- Missing defects data weakens handover obligations

■ Moderate Risks

- Programme submission and revision rules missing

- Defect correction period unclear

■ **Observations**

- Contract appears to be a **template**, not a completed contract
- Commercial and scheduling data are absent

9. Recommendations

- Populate all mandatory programme clauses (3.1–3.7)
- Confirm payment cycle and assessment rules
- Provide weather station details before execution
- Complete Defects and Maintenance periods
- Ensure key dates are provided to support programme creation

10. Appendices

- **Appendix A:** Raw JSON Extract
- **Appendix B:** Clause-by-Clause Log
- **Appendix C:** Programme Requirements Summary
